

We are dedicated specialists providing high quality, flexible and cost effective payroll services. At the heart of our business is the commitment to provide a first class service through a blend of professionalism, technical expertise and a hands-on, personal touch.

Why Pay Check?

Pay Check was established in 1996. Still an owner managed business, we now have an experienced and stable team of more than 30 payroll specialists based in Battersea, South London. Our size means we are large enough to have robust systems, have enough hands on deck to cover the unexpected, but remain small enough to provide a truly personal service.

We have a wide range of clients, from companies with fewer than 5 employees to businesses with over 800, and look after clients both experienced in payroll and new to payroll.

Our portfolio of clients includes accountancy practices, solicitors, marketing, retail, leisure, charities, hedge funds, IT consultancies, architects, recruitment and insurance, and our clients currently are based from Poole to Peterborough, Gloucestershire to Glasgow.

Pay Check's professional credentials include:

- > Commercial BACS bureau
- > ISO 9001 (Quality Assurance) and ISO 27001 (Information Security) registered
- > Investors in People
- > Robust, fail-safe, tested disaster recovery procedures via Sungard Availability Services

"In all the years I have dealt with Pay Check, I have had great service... but just as importantly, friendly service. With the various clients that I look after, I have had communications with quite a lot of your team, and I have not had a single bad experience."

"Thanks for your continued support and patience – particularly at the beginning. I was very new to all this, and really relied on your expertise."

Thoughtfully designed services
Pay Check handles 50,000 payslips a month for 1,500 clients through either weekly, fortnightly, 4-weekly or monthly payrolls. This experience has enabled us to design our payroll services with thorough knowledge of our clients' needs.

Our fully managed outsourced payroll is charged at an agreed monthly fee (with no hidden surprises) and may include:

- > On-line or paper payslips
- > PAYE registration with HMRC
- > Bespoke, paperless reporting
- > Management of all legislative responsibilities including SSP (Statutory Sick Pay), SMP (Statutory Maternity Pay) and SAP (Statutory Adoption Pay)

- > RTI (Real Time Information) submissions to HMRC
- > BACS payment of net salaries
- > Auto Enrolment assessment and pension reporting

In addition to our own specialist services, we recognise that there are other key outsourced services our clients sometimes require. We have therefore developed close links with a number of carefully selected specialists covering HR, Coaching and Development and specialist P11D advice.

"I really appreciate the way in which you communicate with me over our payroll. You've been extremely reactive and prompt with queries. I now feel confident with our payroll service."

"I am more and more impressed by Pay Check each month."

Our website includes further details of our services, useful information on payroll and an introduction to our team. We do however pride ourselves on our personal service so please call us on 0207 498 1133 to discuss your own particular needs.
